

GRADE 6 HISTORY CURRICULUM MAP 2007-2008

September	October	November	December	January
<p><u>H1.1:</u> Use historical conceptual devices to organize and study the past.</p> <p><u>H1.2:</u> Use historical inquiry and analysis to study the past.</p> <p><u>H1.4:</u> Use historical concepts, patterns, and themes to study the past.</p> <p><u>W1/1:</u> Describe the spread of people in the Western Hemisphere in Era 1.</p> <p><u>W1.2:</u> Describe the Agricultural Revolution and explain why it is a turning point in history.</p> <p><u>W2.1:</u> Describe the characteristics of early Western Hemisphere civilizations and pastoral societies.</p> <p><u>W3.1:</u> Describe empires and agrarian civilizations in Mesoamerica and South America.</p> <p><u>G1.1:</u> Use maps and other geographic tools to acquire and process information from a spatial perspective.</p> <p><u>G1.2:</u> Use geographic inquiry and analysis to answer important questions about relationships between people, cultures, their environment, and relations within the larger world contest.</p> <p><u>G1.3:</u>Use geographic themes, knowledge about processes and concepts to study the Earth.</p> <p><u>G2.1:</u>Describe the physical characteristics of places.</p>	<p><u>H1.1:</u> Use historical conceptual devices to organize and study the past.</p> <p><u>H1.2:</u> Use historical inquiry and analysis to study the past.</p> <p><u>H1.4:</u> Use historical concepts, patterns, and themes to study the past.</p> <p><u>W1/1:</u> Describe the spread of people in the Western Hemisphere in Era 1.</p> <p><u>W1.2:</u> Describe the Agricultural Revolution and explain why it is a turning point in history.</p> <p><u>W2.1:</u> Describe the characteristics of early Western Hemisphere civilizations and pastoral societies.</p> <p><u>W3.1:</u> Describe empires and agrarian civilizations in Mesoamerica and South America.</p> <p><u>G1.1:</u> Use maps and other geographic tools to acquire and process information from a spatial perspective.</p> <p><u>G1.2:</u> Use geographic inquiry and analysis to answer important questions about relationships between people, cultures, their environment, and relations within the larger world contest.</p> <p><u>G1.3:</u>Use geographic themes, knowledge about processes and concepts to study the Earth.</p> <p><u>G2.1:</u>Describe the physical characteristics of places.</p>	<p><u>H1.1:</u> Use historical conceptual devices to organize and study the past.</p> <p><u>H1.2:</u> Use historical inquiry and analysis to study the past.</p> <p><u>H1.4:</u> Use historical concepts, patterns, and themes to study the past.</p> <p><u>W1/1:</u> Describe the spread of people in the Western Hemisphere in Era 1.</p> <p><u>W1.2:</u> Describe the Agricultural Revolution and explain why it is a turning point in history.</p> <p><u>W2.1:</u> Describe the characteristics of early Western Hemisphere civilizations and pastoral societies.</p> <p><u>W3.1:</u> Describe empires and agrarian civilizations in Mesoamerica and South America.</p> <p><u>G1.1:</u> Use maps and other geographic tools to acquire and process information from a spatial perspective.</p> <p><u>G1.2:</u> Use geographic inquiry and analysis to answer important questions about relationships between people, cultures, their environment, and relations within the larger world contest.</p> <p><u>G1.3:</u>Use geographic themes, knowledge about processes and concepts to study the Earth.</p> <p><u>G2.1:</u>Describe the physical characteristics of places.</p>	<p><u>H1.1:</u> Use historical conceptual devices to organize and study the past.</p> <p><u>H1.2:</u> Use historical inquiry and analysis to study the past.</p> <p><u>H1.4:</u> Use historical concepts, patterns, and themes to study the past.</p> <p><u>W1/1:</u> Describe the spread of people in the Western Hemisphere in Era 1.</p> <p><u>W1.2:</u> Describe the Agricultural Revolution and explain why it is a turning point in history.</p> <p><u>W2.1:</u> Describe the characteristics of early Western Hemisphere civilizations and pastoral societies.</p> <p><u>W3.1:</u> Describe empires and agrarian civilizations in Mesoamerica and South America.</p> <p><u>G1.1:</u> Use maps and other geographic tools to acquire and process information from a spatial perspective.</p> <p><u>G1.2:</u> Use geographic inquiry and analysis to answer important questions about relationships between people, cultures, their environment, and relations within the larger world contest.</p> <p><u>G1.3:</u>Use geographic themes, knowledge about processes and concepts to study the Earth.</p> <p><u>G2.1:</u>Describe the physical characteristics of places.</p>	<p><u>H1.1:</u> Use historical conceptual devices to organize and study the past.</p> <p><u>H1.2:</u> Use historical inquiry and analysis to study the past.</p> <p><u>H1.4:</u> Use historical concepts, patterns, and themes to study the past.</p> <p><u>W1/1:</u> Describe the spread of people in the Western Hemisphere in Era 1.</p> <p><u>W1.2:</u> Describe the Agricultural Revolution and explain why it is a turning point in history.</p> <p><u>W2.1:</u> Describe the characteristics of early Western Hemisphere civilizations and pastoral societies.</p> <p><u>W3.1:</u> Describe empires and agrarian civilizations in Mesoamerica and South America.</p> <p><u>G1.1:</u> Use maps and other geographic tools to acquire and process information from a spatial perspective.</p> <p><u>G1.2:</u> Use geographic inquiry and analysis to answer important questions about relationships between people, cultures, their environment, and relations within the larger world contest.</p> <p><u>G1.3:</u>Use geographic themes, knowledge about processes and concepts to study the Earth.</p> <p><u>G2.1:</u>Describe the physical characteristics of places.</p>

<p><u>G2.2:</u> Describe the human characteristics of places.</p> <p><u>G3.1:</u> Describe the physical processes that shape the patterns of the Earth's surface.</p> <p><u>G3.2:</u> Describe the characteristics and spatial distribution of ecosystems on the Earth's surface.</p> <p><u>G4.1:</u> Describe the characteristics, distribution and complexity of Earth's cultural mosaic.</p> <p><u>G4.2:</u> Describe how technology creates patterns and networks that connect people, products, and ideas.</p> <p><u>G4.3:</u> Describe patterns, processes, and functions of human settlement.</p> <p><u>G4.4:</u> Explain how forces of conflict and cooperation among people influence the division of the Earth's surface and its resources.</p> <p><u>G5.1:</u> Describe how human actions modify the environment.</p> <p><u>G5.2:</u> Describe how physical human systems shape patterns on the earth's surface.</p> <p><u>G6.1:</u> Global Topic Investigation and Issue Analysis.</p> <p><u>C1.1:</u> Describe Civic Life, Politics, and Government and explain their relationships.</p> <p><u>C3.6:</u> Describe the characteristics of nation-states and how they may interact.</p>	<p><u>G2.2:</u> Describe the human characteristics of places.</p> <p><u>G3.1:</u> Describe the physical processes that shape the patterns of the Earth's surface.</p> <p><u>G3.2:</u> Describe the characteristics and spatial distribution of ecosystems on the Earth's surface.</p> <p><u>G4.1:</u> Describe the characteristics, distribution and complexity of Earth's cultural mosaic.</p> <p><u>G4.2:</u> Describe how technology creates patterns and networks that connect people, products, and ideas.</p> <p><u>G4.3:</u> Describe patterns, processes, and functions of human settlement.</p> <p><u>G4.4:</u> Explain how forces of conflict and cooperation among people influence the division of the Earth's surface and its resources.</p> <p><u>G5.1:</u> Describe how human actions modify the environment.</p> <p><u>G5.2:</u> Describe how physical human systems shape patterns on the earth's surface.</p> <p><u>G6.1:</u> Global Topic Investigation and Issue Analysis.</p> <p><u>C1.1:</u> Describe Civic Life, Politics, and Government and explain their relationships.</p> <p><u>C3.6:</u> Describe the characteristics of nation-states and how they may interact.</p>	<p><u>G2.2:</u> Describe the human characteristics of places.</p> <p><u>G3.1:</u> Describe the physical processes that shape the patterns of the Earth's surface.</p> <p><u>G3.2:</u> Describe the characteristics and spatial distribution of ecosystems on the Earth's surface.</p> <p><u>G4.1:</u> Describe the characteristics, distribution and complexity of Earth's cultural mosaic.</p> <p><u>G4.2:</u> Describe how technology creates patterns and networks that connect people, products, and ideas.</p> <p><u>G4.3:</u> Describe patterns, processes, and functions of human settlement.</p> <p><u>G4.4:</u> Explain how forces of conflict and cooperation among people influence the division of the Earth's surface and its resources.</p> <p><u>G5.1:</u> Describe how human actions modify the environment.</p> <p><u>G5.2:</u> Describe how physical human systems shape patterns on the earth's surface.</p> <p><u>G6.1:</u> Global Topic Investigation and Issue Analysis.</p> <p><u>C1.1:</u> Describe Civic Life, Politics, and Government and explain their relationships.</p> <p><u>C3.6:</u> Describe the characteristics of nation-states and how they may interact.</p>	<p><u>G2.2:</u> Describe the human characteristics of places.</p> <p><u>G3.1:</u> Describe the physical processes that shape the patterns of the Earth's surface.</p> <p><u>G3.2:</u> Describe the characteristics and spatial distribution of ecosystems on the Earth's surface.</p> <p><u>G4.1:</u> Describe the characteristics, distribution and complexity of Earth's cultural mosaic.</p> <p><u>G4.2:</u> Describe how technology creates patterns and networks that connect people, products, and ideas.</p> <p><u>G4.3:</u> Describe patterns, processes, and functions of human settlement.</p> <p><u>G4.4:</u> Explain how forces of conflict and cooperation among people influence the division of the Earth's surface and its resources.</p> <p><u>G5.1:</u> Describe how human actions modify the environment.</p> <p><u>G5.2:</u> Describe how physical human systems shape patterns on the earth's surface.</p> <p><u>G6.1:</u> Global Topic Investigation and Issue Analysis.</p> <p><u>C1.1:</u> Describe Civic Life, Politics, and Government and explain their relationships.</p> <p><u>C3.6:</u> Describe the characteristics of nation-states and how they may interact.</p>	<p><u>G2.2:</u> Describe the human characteristics of places.</p> <p><u>G3.1:</u> Describe the physical processes that shape the patterns of the Earth's surface.</p> <p><u>G3.2:</u> Describe the characteristics and spatial distribution of ecosystems on the Earth's surface.</p> <p><u>G4.1:</u> Describe the characteristics, distribution and complexity of Earth's cultural mosaic.</p> <p><u>G4.2:</u> Describe how technology creates patterns and networks that connect people, products, and ideas.</p> <p><u>G4.3:</u> Describe patterns, processes, and functions of human settlement.</p> <p><u>G4.4:</u> Explain how forces of conflict and cooperation among people influence the division of the Earth's surface and its resources.</p> <p><u>G5.1:</u> Describe how human actions modify the environment.</p> <p><u>G5.2:</u> Describe how physical human systems shape patterns on the earth's surface.</p> <p><u>G6.1:</u> Global Topic Investigation and Issue Analysis.</p> <p><u>C1.1:</u> Describe Civic Life, Politics, and Government and explain their relationships.</p> <p><u>C3.6:</u> Describe the characteristics of nation-states and how they may interact.</p>
--	--	--	--	--

<p>C4.3: Explain the various ways that nations interact both positively and negatively.</p> <p>E1.1: Describe how individuals, businesses and government make economic decisions when confronting scarcity in the market economy.</p> <p>E2.3: Describe how national governments make decisions that affect the national economy.</p> <p>E3.1: Describe patterns and networks of economic interdependence, including trade.</p> <p>E3.3: Describe how societies organize to allocate resources to produce and distribute goods and services.</p> <p>P3.1: Identify and Analyze issues, decision making, persuasive communication about a public issue, and citizen involvement.</p> <p>P4.2: Act constructively to further the public good.</p>	<p>C4.3: Explain the various ways that nations interact both positively and negatively.</p> <p>E1.1: Describe how individuals, businesses and government make economic decisions when confronting scarcity in the market economy.</p> <p>E2.3: Describe how national governments make decisions that affect the national economy.</p> <p>E3.1: Describe patterns and networks of economic interdependence, including trade.</p> <p>E3.3: Describe how societies organize to allocate resources to produce and distribute goods and services.</p> <p>P3.1: Identify and Analyze issues, decision making, persuasive communication about a public issue, and citizen involvement.</p> <p>P4.2: Act constructively to further the public good.</p>	<p>C4.3: Explain the various ways that nations interact both positively and negatively.</p> <p>E1.1: Describe how individuals, businesses and government make economic decisions when confronting scarcity in the market economy.</p> <p>E2.3: Describe how national governments make decisions that affect the national economy.</p> <p>E3.1: Describe patterns and networks of economic interdependence, including trade.</p> <p>E3.3: Describe how societies organize to allocate resources to produce and distribute goods and services.</p> <p>P3.1: Identify and Analyze issues, decision making, persuasive communication about a public issue, and citizen involvement.</p> <p>P4.2: Act constructively to further the public good.</p>	<p>C4.3: Explain the various ways that nations interact both positively and negatively.</p> <p>E1.1: Describe how individuals, businesses and government make economic decisions when confronting scarcity in the market economy.</p> <p>E2.3: Describe how national governments make decisions that affect the national economy.</p> <p>E3.1: Describe patterns and networks of economic interdependence, including trade.</p> <p>E3.3: Describe how societies organize to allocate resources to produce and distribute goods and services.</p> <p>P3.1: Identify and Analyze issues, decision making, persuasive communication about a public issue, and citizen involvement.</p> <p>P4.2: Act constructively to further the public good.</p>	<p>C4.3: Explain the various ways that nations interact both positively and negatively.</p> <p>E1.1: Describe how individuals, businesses and government make economic decisions when confronting scarcity in the market economy.</p> <p>E2.3: Describe how national governments make decisions that affect the national economy.</p> <p>E3.1: Describe patterns and networks of economic interdependence, including trade.</p> <p>E3.3: Describe how societies organize to allocate resources to produce and distribute goods and services.</p> <p>P3.1: Identify and Analyze issues, decision making, persuasive communication about a public issue, and citizen involvement.</p> <p>P4.2: Act constructively to further the public good.</p>
